

Submersible Pump SMP 601-S Niro (stainless steel) - Set

Art.-No: **41.705.13**
bar code: 4006825502756
sales unit: 4 pcs

Powerful and robust submersible pump to empty garden ponds, flooded basements and construction sites. The installed float switch controls the ON/OFF function of the pump. It takes foreign particles up to Ø 15 mm in size.

High quality of the materials, i. e. stainless steel-driving gear, top quality axial face seal, screwed cable locks made of stainless steel warrants an almost maintenance-free and a long service life for semi-professional use. A precise fine-tuning between motor and turbine blade wheel achieves a high degree of effectiveness of various technical data.
