BT-GW 170 Kit Gas Welding Machine + Automatic Welding Shield

Art.-No. 15.750.20

Gas Welding Machine BT-GW 170

Features

- Handle (1)
- 4 castors (2)
- Earth terminal (3)
- Gas cooled burner (4)
- Pressure reducer (5)
- Inert gas hose
- Chain for fastening of the gas bottle

Technical Data

- | | |
|-------------------------------------|-----------------------|
| ■ Mains: | 230 V ~ 50 Hz |
| ■ Welding current I ₂ : | 25-135 A (max. 170 A) |
| ■ Welding current regulation: | 6-steps |
| ■ Welding wire drum max.: | 5 kg |
| ■ Welding wire-Ø: | 0.6 – 0.8 mm |
| ■ Wire feed: | stepless |
| ■ Off-load voltage U ₀ : | 40 V |
| ■ Weight: | 34.6 kg |

Automatic Welding Shield 9-13

Features

- Adjustable strut (hands-free screen)
- Power supply with solar cell (6)
- Adjustable sensibility (shade)
- Adjustable protection stage (dark layer)
- Adjustable delay time (brighten)
- Exchangeable front glass
- Additional front glass

Technical Data

- | | |
|-----------------------------------|-----------------|
| ■ Power supply: | Solar operation |
| ■ Protection stage (bright/dark): | 4 / 9-13 |
| ■ Optical grade: | 1 |
| ■ Light scatter grade: | 2 |
| ■ Homogeneity grade: | 3 |
| ■ Viewing window: | 98 x 43 mm |
| ■ Shade time: | 1 / 30,000 s |
| ■ Weight: | 0.5 kg |

Gas Welding Machine + Automatic Welding Shield Kit

- | | |
|---------------------------|--------------------|
| ■ Net weight Kit: | 35.1 kg |
| ■ Gross weight Kit: | 38.0 kg |
| ■ Packing dimensions Kit: | 825 x 325 x 450 mm |
| ■ Bar code: | 4006825 554571 |
| ■ Sales unit: | 1 pc |
