The Einhell laser levelling TC-LL 1 is the ideal tool for precision work around the home, on site or in the workshop. It enables both exact laser points and precise laser lines to be marked with high precision. The laser levelling makes it easy to project horizontal, vertical or even diagonal installation lines. It can also be used as a precise spirit level. For precise laser alignment there are integrated spirit levels. In addition, the spot laser offers exact transfer of heights in rooms. Comfortable and user-friendly operation is ensured by the soft grip and flexible wall bracket which are included among the features of the Einhell laser levelling TC-LL 1.
