VWD-1235PT

EH-Art. No: 30.005.30
 Ident No: 11018
 Barcode: 9319510024712
 Bunnings Item No: 0111170

This Ozito Wet & Dry Vacuum with Power Take Off socket is perfect for cleaning up dirt and liquids from around the garage, workshop or patio. With castors for greater mobility and an easy transport carry handle it's great for cleaning up around the home and shed after renovations or DIY projects.

The Power Take Off function automatically starts the vacuum when a connected power tool is switched on; simply plug the power tool into the integrated power socket and use the vacuum for dust extraction while you work. Wood shavings or leaves can also be blown into a pile for easy removal by connecting the hose to the blower port on the rear of the motor.

Other features include a durable stainless steel tank, a space saving accessory mount and a cord retaining carry handle to keep cables neat when not in use. The included floor tool attachment can be used on carpet and hard floors whilst the crevice tool allows you to vacuum in hard to reach areas.

FEATURES & BENEFITS

Power Take Off Socket – Power your tool directly from the vacuum while connected for dust extraction

35L Stainless Steel Tank – Strong, durable, large capacity tank

Wet & Dry Vacuuming – Clean up spills, puddles, dust & debris around the home & workshop

Blower Function – Blow debris into a pile for easy clean up; inflate pool toys and inflatable furniture with suitable accessories

Drainage Outlet – Empty the tank quickly and easily
