

The high performance profi garden pump is particularly suitable for the garden irrigation with collected rain water. Other features are the large suction capacity and its long service life. Furthermore the garden pump is equipped with a pre-filter, which prevents that dirt arrives into the pump inside. The pump is powered by an asynchronous motor with thermal protection.

Performance data:

Features

- Pressure connection
- Handle
- On/ Off switch
- Water drain plug
- Suction connection
- Pre-filter
- Large Water filler opening
- Return valve
- Female thread for hose connection made of stainless steel
- Vent screw

Handle

Connection for pressure hose made of stainless steel

Vent screw

Large water filler opening

Pre-filter

Connection for suction hose made of stainless steel

Return valve

Water drain plug

As special accessory available:

Suction hose 4 m plastic
Suction hose 7 m plastic
Suction hose 4 m high quality plastic
Suction hose 7 m high quality plastic
Suction hose 4 m brass
Suction hose 7 m brass
Electronic flow switch
