### Accessory:

- Charging transformer (1)
- Connection cable with cigarette lighter adapter (without picture)

### Features:

- Non spilling and leak-proof, maintenance-free lead power pack 12 V – 18 Ah
- Connection terminals 3 V, 6 V and 9 V with a pin plug Ø 6,3 mm (2) for combined max. power draw of 1 A
- 12 V terminal of the cigarette lighter socket (3) for max. 10 A power draw
- Booster device 12 V – 600 A – (for 5 sec.)
- Charging cables with fully insulated pole clips (4)
- Battery condition control by LED (5)
- ON/OFF light operation (6)
- Switch for operational selection (7)
- Charging terminal for charger connection (8)

### Technical data charger:

- Mains: 230 V ~ 50 Hz
- Rated Voltage at terminals: 12 V
- Rated current at terminals: 1000 mA
- Rated power at terminals: 12 VA
