Bar code: 4006825574647

Sales unit: 1 pc

The automatic ventilation system BS 2 L is a temperature-steered, very easy to install, fully automatic system. The inserted thermal cylinder responds on changes of temperature, whereby the lamellas open and close automatically. The ventilation system works in a temperature range of approx. 13 up to 34°C and can be adjust simply.

The working thermal cylinder works noiseless and electroless, without any operating costs and can be very simply deinstalled in winter and kept nonfreezing.

A mechanical solution for the winter operation is included in delivery!
