

Einhell

ACCESSORY

Earth Auger Accessory

ICE Drill (Earth Auger) EX;NA

Item No.: 3437019

Ident No.: 21012

Bar Code: 772995018727

The original Einhell ice drill is an accessory that can be used with the Einhell GP-EA 18/150 Li BL cordless earth auger. It has a drill diameter of 180 mm and is 75 cm long. Thanks to the combination of Einhell cordless earth auger and ice drill, holes can be easily drilled in thick ice. For this purpose, the steel ice drill is equipped with a sharp tip and two blades made of hardened special steel. The tip fixes the drill in the smooth ice and drills through it efficiently. This makes the ice drill an indispensable piece of equipment for ice fishing, for example.

Features & Benefits

- Original Einhell ice drill for cordless earth auger
- Suitable for GP-EA 18/150 Li BL cordless earth auger
- Easy, deep drilling into ice, e.g. for ice fishing
- Made of high-quality, robust steel
- Incl. 2x blades and tip made of hardened special steel
- Drill bit with 75 cm length and Ø 180 mm
