Petrol Lawn Mower

Art.-No.: 34.010.68

The self-driving petrol lawn mower, equipped with detachable rear wheel drive and a high quality 4-stroke motor 4.4 kW (6 HP), warrants a high perfection and reliability, quiet running, economical operation, a lot of power reserve and long service life. The contact free ignition and the automatic de-compression offer with the start tension cable easy starting without having to bend down. The wheels equipped with ball bearing let the lawn mower roll along comfortably. The ergonomic design of the handle with a soft grip and its 5 fold cutting height adjustment make the unit really service friendly. You can change all 4 wheels with one handle at the same time! Well designed powder-coated sheet steel housing. Sturdy grass collection bag with large volume. Also should be mentioned the problem free transport of the cut grass into the collection bag warranting a high degree of grass intake.
