RT-EW 150

Electric Welding Machine

The Electric Welding Machine RT-EW 150 is easy-to-use due to its convenient electrode storage. The integrated cooling fan provides the electric welding machine with turbo cooling, therefore longer welding times are now warranted. A thermal switch with indicator light provides for optimal equipment safety.

The welding current is continuously adjustable and therefore guarantees optimal welding results.

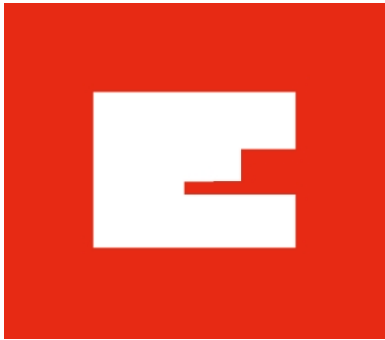

Given its compact construction the electrical welding machine is optimally suited for mobile operation.

Features

- Convenient electrode storage
- Turbo cooling by integrated cooling fan
- Thermo cut out with indicator light
- Welding shield included
- Continuously adjustable welding current
- Portable

Welding shield included

Convenient electrode storage

Logistic Information

Type:	RT-EW 150
Art.-No.:	15.441.40
Ident-No.:	01017
Bar code:	4006825 538090
Packaging:	400 x 220 x 280 mm
Sales unit:	1 pc
20':	860 pcs
40':	1,720 pcs
40' HC:	-- pcs
Weight:	14.5 kgs (gross)

Technical Data

■ Mains:	230 V ~ 50 Hz
■ No load voltage:	48 V
■ Fuse:	16 A
■ Welding current:	40 – 90 A
■ Electrodes:	Ø 1.6 – 2.5 mm
