

Table disc- and belt sander BT 450

Art.-No.: **44.192.51**

Bar code: **4006825 506211**

Sales unit: **1 pc**

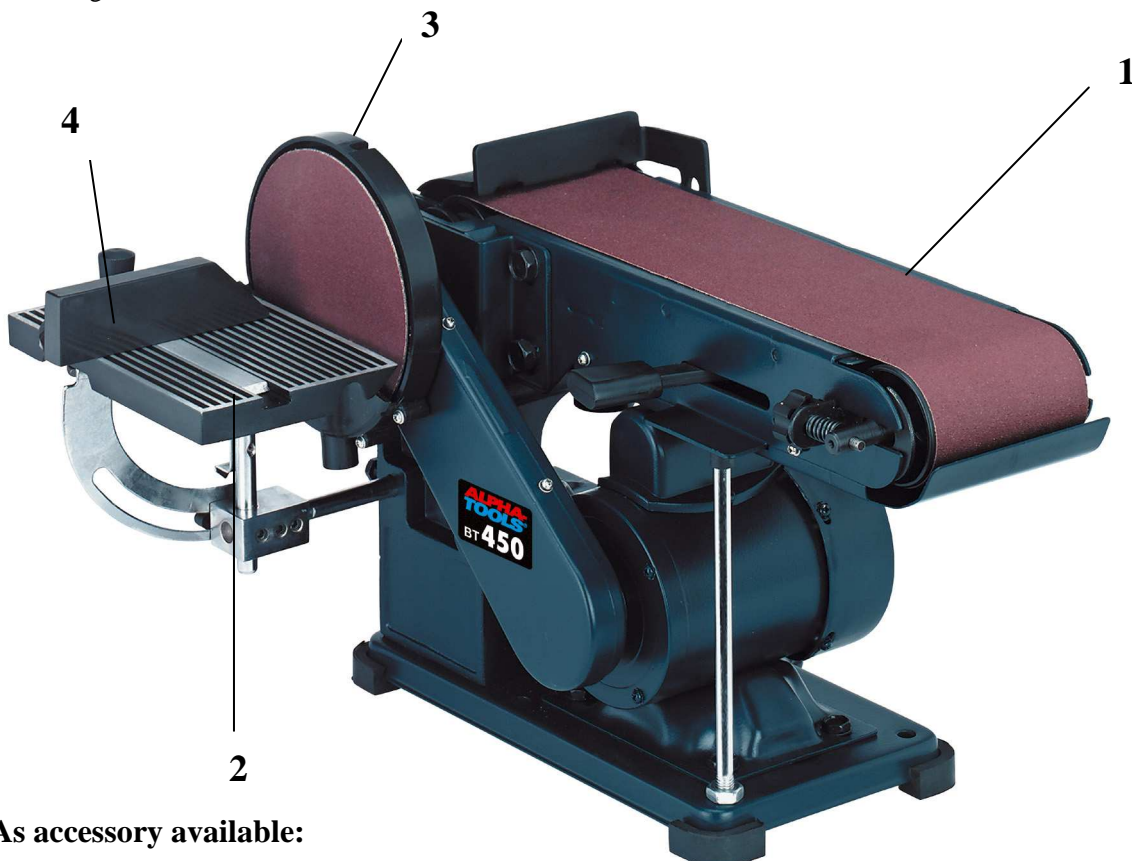

The belt sander device (1) can be used in horizontal as well as in vertical position and therefore can be used for various kinds of sanding jobs and sizes of work pieces. The table (2) for the disc sander (3) can be tilted continuously from 0 – 45 °. Using the guide rail (4) in angle ranges from (-60° to +60°) it can be set so that various kinds of angles can be sanded. For the disc sander sanding discs with Velcro fastening can be used, so changing of discs can be done fast and without problems.

The unit is V-belt driven (silent V-belt) and equipped at the disc sander and also at the belt sander with a dust extraction adaptor.
