

Alu-Greenhouse ALU – STAR 1

Art.-No.: **36.532.00**

Barcode: **4006825514346**

Sales unit: **1 pc**

The robust greenhouse (2-panels – single door) is made of corrosion resistant and weather proof aluminium profiles and a heat insulating polycarbonate glazing.

For it has a wide wing-door, the greenhouse can be entered comfortably with a wheelbarrow and other gardening tools. Due to the enormous roof height, an outstanding air conditioning and much space also for high plants is achieved.

The greenhouse can easily be set-up quickly and is suitable for small gardens. It is recommended to anchor the greenhouse in the ground at 4 fix given places (as special accessory available).

The greenhouse can ideally assembled at a wall- or concrete fundament, or at a steel fundament (as special accessory available).

The greenhouse is snow load tested with 25 kg/m² and wind load tested with 50 kg/m².

Features:

- robust aluminium profiles
- Additional wind bonds for a maximum reinforcement
- Polycarbonate sheets 4 mm, impact and shock resistant, resistant to ball throw, UV-resistant, refractive – without a burning glass effect, temperature resisting -25°C to + 60°C.
- Wide single wing-door
- 2 Triangle-window frontal (1)

Technical data:

- Size LxB: 143.7 x 213.9 cm
- Side height: 129.7 cm
- Ridging height: 206.5 cm
- Door height (clearance): 171 cm
- Door breadth (inner width): 69 cm
- Floor space approx.: 3.1 m²
- Weight: 37 kg

10 years warranty
for the UV-resistance from the polycarbonate sheets

15 years warranty
for the alu-frame
