

Petrol Snow Thrower BSF 55

Art.-No.: **34.170.60**

Bar code: **4006825530698**

Sales unit: **1 pc**

The powerful, self propel Petrol Snow Thrower with high quality 4 stroke engine (4 KW / 5.5 HP) warrants for a quiet running, economy, high power reserve and long life span.

It's suitable with the **5 forwards and 2 backwards gears** and the snow ejection adjustable by means of adjustment crank about 190° for professional milling of snow surfaces of quite different nature. Due to the throwing range of 10-15m large areas can be effortlessly made free from snow. With the driven wheels, the ergonomically push bracket and the skids it's easy to move through the snow.

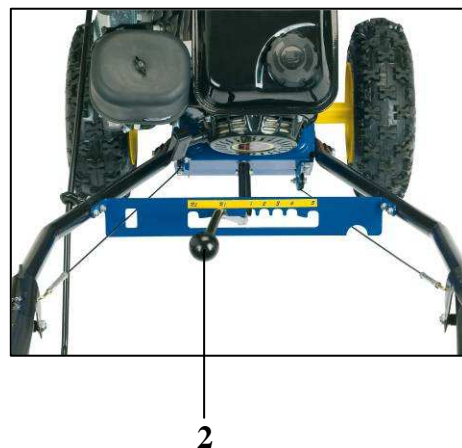

Depending on application the tool can be in a few handles from 2-wheel-drive to a 1-wheel-drive undergo reconstruction.

Features:

- Clutch lever for milling drive (1)
- 7-gear-switching (2)
- Adjustable cover for controllable throwing range (3)
- Snow ejection unit (4)
- Robust milling unit (5)
- Adjustable Slide vats (6)
- Air-filled, abrasive profile winter tyres (7)
- Powerful 4 stroke engine (8)
- Oil deficiency safety (9)
- Ergonomically handle (10)
- Clutch lever for traction drive (11)
- Independent coupling for wheels and miller
- Optionally 1 wheel or 2 wheel drive
- Full crank shaft

Technical data:

- Engine: 1-cylinder, 4-stroke engine
4 kW / 5.5 HP
- Engine displacement: 163 cm³
- Operating speed: approx. 3000 rpm
- Starting system: Linkage to start the motor
- Speed (max.): 4 km/h
- Gear forwards: 5
- Gear backwards: 2
- Fuel: normal petrol (lead-free)
- Tank capacity: 3.6 litres
- Motor oil quantity: 0.6 litres (10W30)
- Working width: 56 cm
- Snow height (max.): 510 mm
- Throwing range (max.): 10 – 15 m
- Working area: approx. 1400 m²/h
- Working capacity: approx. 350 cm³/h
- Ejection bracket adjustment: 190°
- Net weight: 74.3 kg
- Gross weight: 85 kg
- Packing dimensions: 900 x 620 x 680 mm

As special accessory available:

Snow Chains SK 1
