The Einhell 18 V 2.0 Ah li-ion rechargeable battery is a member of the multifunctional and interchangeable PXC series from Einhell. The rechargeable battery system can be used universally for all the products from the PXC series. Maximum safety is ensured by the proactive battery management system. The charging cycles are adjusted to the specific situation, so the battery has a much longer service life. All the key parameters are monitored by state-of-the-art components. The li-ion cells are resistant to the self-discharging normally associated with batteries. There is an integrated three-step LED charge status indicator. The rubber-coated housing provides excellent impact protection & integrated recessed handles enable ergonomic handling.
