When no power outlet is available, the heavy duty „Einhell-Kraftwerk“ (power generator) is for anyone who needs power. It's ideal as an emergency power supply unit for homes, hunting and fishing camps, weekend homes, open-air gatherings, mobile recreational vehicles and electrical appliances. The synchronous generator is brush less and without slip rings, making it practically maintenance-free. Due to the oil mixing proportion of the fuel a constant lubricating of the engine is ensured.
