This Cordless Staple Gun from Ozito's Power X Change range is perfect for craft projects and small DIY jobs around the home and garden. Ideal for tacking down fabrics such as attaching canvas to paint frames, replacing upholstery fabric or stapling down carpet.

The safety striker system prevents accidental firing before you're ready, whilst the force adjustment dial gives you precise control to suit the job at hand. A magazine capacity of 80-100 staples (depending on the type) allows you to tackle bigger projects, reducing reloads.
