

6 - 60% | 0.2 - 2.9% DIGITAL MOISTURE METER

ODMM-P11

EH-Art. No: 30.005.43
 Ident No: 11019
 Barcode: 9319510024798
 Bunnings Item No: 0201242

This Digital Moisture Meter is great for non-destructive checking of timber and building products. Evaluate timbers that may be too wet and likely to warp, if the concrete slab you've just laid is fully set or if the plasterboard is dry enough for finishing during your next DIY project.

The LED indicators and data hold function allows you to take quick and simple readings, whilst the backlit LCD display improves visibility in dim areas. The auto shut off feature conserves power when inactive, whilst the low battery indicator shows when the batteries need replacing.

FEATURES & BENEFITS

For Timber & Building Materials – Measure moisture levels for timbers, cardboard, paper, concrete, mortar & plasterboard

Quick Reference LEDs – Material specific moisture readings at a glance

Datahold & Backlit Display – For easier recording & visibility

Temperature Measurements – Use this as a thermometer too

Replacement Probes Included

SPECIFICATIONS

Power: 9V DC Battery

Measuring Range: 6-60% (Wood)

0.2-2.9% (Building Materials)

0-40°C (Temperature)

Operating Temperature: 0-40°C, <85%RH

Accuracy: ±2% (Wood)

±0.1% (Building Materials)

CONTENTS

1 x Digital Moisture Meter

1 x Probe Cover

2 x Spare Probes

1 x 9V Battery

1 x Instruction Manual

LOGISTICS

Product Weight – 0.115kg

Single Box Dimensions (LxWxH) – 209 x 128 x 47mm

Outer Carton Qty – 28 units

Pallet Quantity - ## units
