Automatic Home/Garden Water
Pump

GC-AW 6333

Item No.: 4176730

Ident No.: 21035

Bar Code: 4006825609226

The Einhell automatic domestic water pump GC-AW 6333 is a powerful appliance for the extraction of clear water according to requirements from reservoirs, wells and water shafts for use in irrigation or for service water supply. Its electronic flow switch with LED display and automatic function switches the pump on and off automatically when water is drawn off. With the 630-watt motor, the appliance can pump up to 3,300 litres of water per hour. The automatic domestic water pump features, among other things, a pre-filter with built-in non-return valve, a large water-fill opening and a high-quality plastic pump housing. The carrying handle ensures comfortable transport.

Features & Benefits

- Electronic flow switch with practical LED display
- Automatic function responds to demand for pressure or drop in pressure
- Large water-fill port for easy priming
- Pre-filter with built-in non-return valve
- Dry-running sensor to protect the pump
- Frost protection: Water drain plug for emptying residual water
- Brass inlet connection
- Metal pressure connection
- Integrated carrying handle for easy transport
- Durable pump housing made of impact-resistant plastic

Technical Data

- | | |
|-------------------------------------|---------------------|
| - Power | 630 W |
| - Max. water temperature | 35 °C |
| - Pressure connection | 33,3mm (R 1" IG) |
| - Max. suction height | 8 m |
| - Suction connection | 42 mm (R 1 1/4" AG) |
| - Max. delivery capacity | 3300 L/h |
| - Mains supply | 230 V 50 Hz |
| - Max. delivery height / - pressure | 36 m / 3.6 bar |
| - Power cord | 1.5 m H07RN-F |
