

## Electric Hoist SHZ 125/250

Art.-No.: **22.551.16**

Bar code: **4006825515510**

Sales unit: **2 pcs**

The Professional electric hoist offers you a multiplicity of advantages:

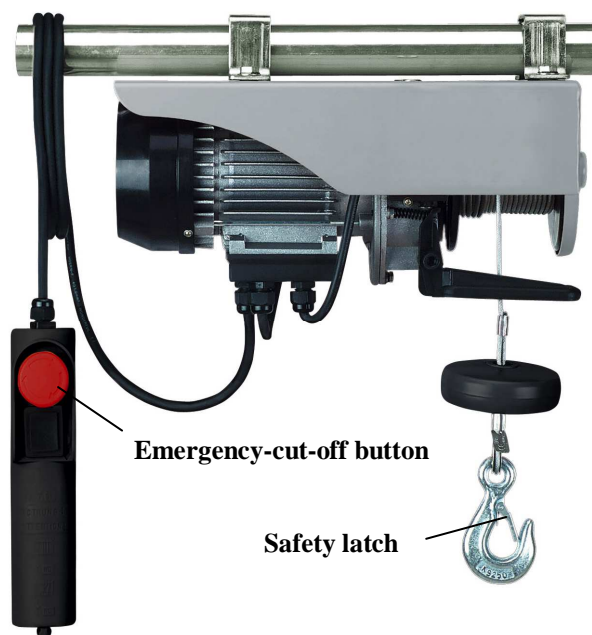

- The control switch is equipped with an **emergency-cut-off button**. This device guarantees a safe cut-off in case of failure of the start switch.
- The control switch is designed in **insulation class II** (safety insulated).
- A **forcibly actuated end switch** assures that the hoist will safely be cut-off at the upper end (i. e. in case the 2 contacts stick together).
- **Improved brake:** In case of a defect on the pressure spring (i. e. rupture of the wire) stopping of the load still is assured.
- The brake will be activated in case of power failure in the motor.
- The **non-rotating steel rope** reduces twisting of the loads during the lifting motion.
- The load hook with **additional safety latch:** This added latch prevents an unintended loosening of the load suspension device.
- The **motor with overload protection** prevents it from overheating.

### Features:

- Fastening with 2 double clamps
- Control switch with emergency-cut-off-button
- Deflection pulley with payload hook
- 12 m non-rotating (kinking) steel wire  $\varnothing$  3,05 mm
- Motor with thermal cut-out
- An automatic brake secures the load in any position

### Technical data:

- Payload: 125 kg without pulley  
250 kg with pulley
- Lifting height: approx.. 11,5 m without pulley  
approx.. 5,7 m with pulley
- Mains: 230 V ~ 50 Hz
- Power: 500 W S3 20 %
- Rope speed: 12 m/min without pulley  
6 m/min with pulley
- Weight: 11,3 kg
- Dimensions : 360 x 220 x 145 mm

As special accessory available:

Hoist lever arm  
Global SA 1200

Art.-No.: **22.553.96**  
Bar code: **4006825221244**
