

Table Saw TK 1500 UV

Art.-No.: **43.406.51**

Bar code: **4006825506587**

Sales Unit: **1 pcs**

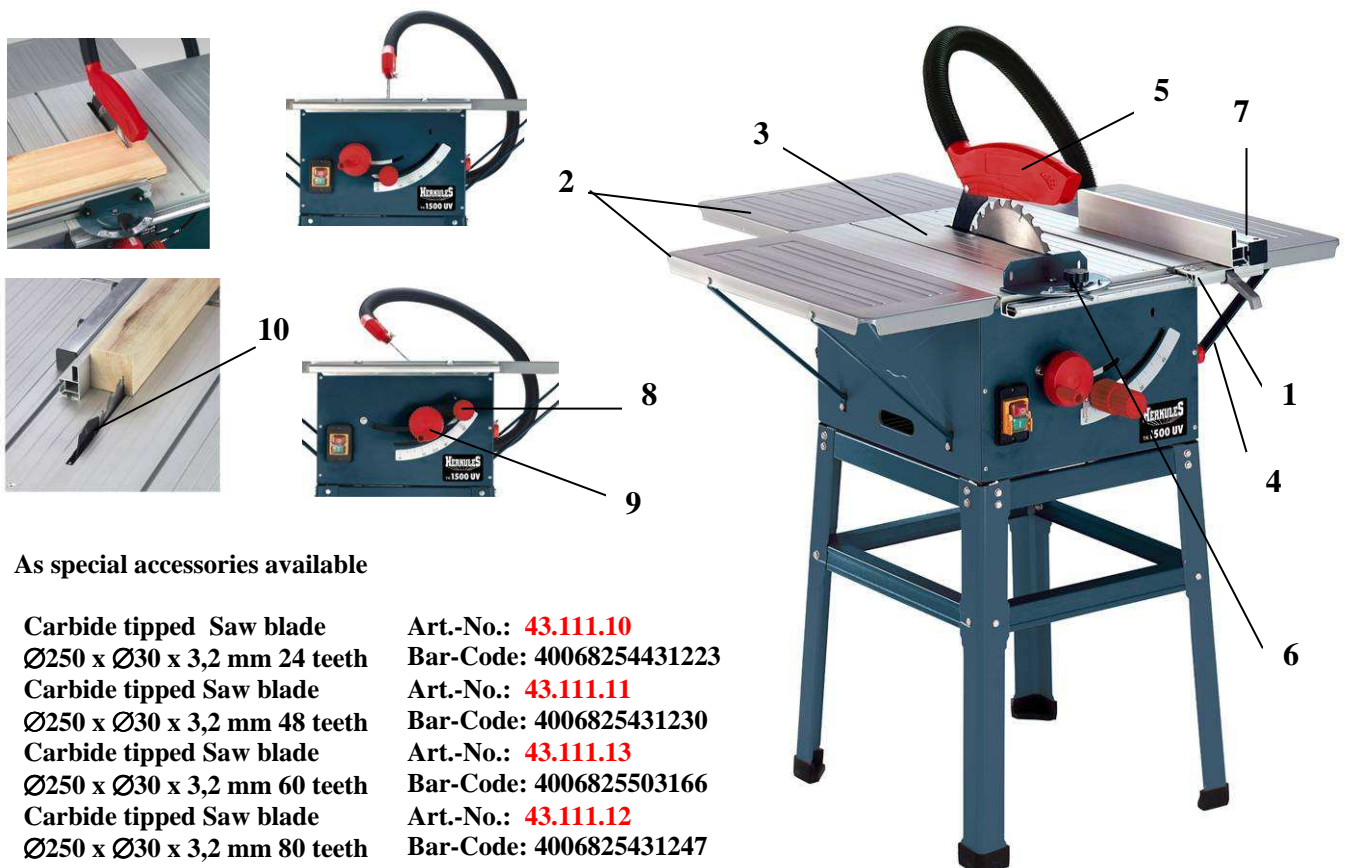

The table saw can be used in several operations. The simple-installable extension table guarantees a wide work surface, whereby the length support can be used in total width. The TK 1500 UV is designed for multi-purpose application: ripping and crosscuts of lumber, chipboard, plywood, multiplex board and veneered sheets. Its compact construction, practical transport handling and its power make ideally suitable for us in construction sites and for interior decorating work. The saw can be tilted up to 45° for mitre cuts. The cross cut fence can be left or right of the saw blade and is equipped for 2 different heights. It can of course be set on either side to +45°. The splitting wedge can be taken out for covered cuts.
