Water Works

GC-WW 6839

Item No.: 4173197

Ident No.: 21014

Bar Code: 4006825679977

The Einhell domestic water system GC-WW 6839 enables the extraction of clear water from reservoirs, wells and boreholes to supply utility water for irrigation systems, washing appliances, toilet flushes and much more. Its 680-watt motor delivers up to 3900 litres of water per hour. The tank has a volume of 20 litres, so the pump does not start every time water is drawn. Only when the pressure drops will the pump be started automatically by the pressure switch. Thanks to the pressure gauge, the pressure can be read at a glance. The pump features a water-fill plug. Residual water can be drained via a convenient water drain plug.

Features & Benefits

- Integrated pressure gauge for monitoring water pressure
- Robust steel tank with a volume of 20 litres
- Frost protection: Water drain plug for emptying residual water
- Central on/off switch for easy start-up
- Stable pump base incl. mounting holes
- High-quality mechanical seals for long service life
- Thermal overload protection for safe operation

Technical Data

- Mains supply	220-240 V 50 Hz
- Power	680 W
- Max. delivery capacity	3900 L/h
- Max. delivery height / - pressure	36 m / 3.6 bar
- Max. suction height	8 m
- Max. water temperature	35 °C
- Max. activation pressure	1.5 bar
- Max. cut off pressure	3 bar
- Suction connection	33,3mm (R1 AG)
- Pressure connection	33,3mm (R1 AG)
- Tank volume	20 L
- Power cord	1.4 m H07RN-F

Logistic Data

- Product weight	10.38 kg
- Gross weight single packaging	13.15 kg
- Dimensions single packaging	535 x 300 x 520 mm
- Pieces per export carton	1 Pieces
- Gross weight export carton	12.46 kg
- Dimensions export carton	535 x 305 x 526 mm
- Container quantity (20"/40"/40"HC)	320 640 810
