

QUICK START GUIDE

Easy steps to getting started.

1. Ensure all items, including your user guide are removed from the packaging before discarding.
2. Assemble Electric Pole Pruner as per the user guide (Section 4).
3. Fill the oil tank (10) with saw chain oil. Even while working, keep checking that sufficient oil is in the system. Refer to Section 4.4 in the user guide for more information.
4. To set the telescopic handle open the thumb screw (15) and pull out the top telescopic tube (9) until it reaches the required working height. Tighten the thumb screw (15) again.
Important! Always use the carrying belt (5) when working with the equipment.
5. Set the additional handle (6).
6. Connect the power cable (1) to a suitable extension cable and secure the extension cable as shown in Fig. 15/ Item 2.
7. Press and hold the safety lock-off (Fig. 16/ Item K) and activate the ON/OFF switch (Fig. 16/ Item 3).
8. Always wear appropriate tight-fitting safety clothing, protective gloves, safety shoes and a protective helmet with integral face and hearing protection.
9. For cutting techniques and safe working instructions, please refer to Section 6 of the user guide.

10. IF YOU ARE IN ANY DOUBT PLEASE REFER TO THE DETAILED INSTRUCTIONS WITHIN OUR USER GUIDE.
