

CPPAS-800 CONSTANT PRESSURE PUMP

FEATURES & BENEFITS

Powerful 800W Induction Motor: This powerful motor enables the pump to produce a flow rate of up to 3,600L/H

Electronic Flow Switch: Automatic start-up and shut-off

Self Priming Function: Ensures quick and easy restarts without the need to re-prime

Quiet Operation: Enables the pump to be operated both day and night

Thermal Overload Protection: Protects the motor from overheating

SPECIFICATIONS

Power – 800W

Max. Flow Rate – 3,600L/h

Max. Head – 40m

Max. Lift – 8m

Max Pressure – 10bar

Inlet & Outlet – 25.4mm (1")

Water Temp – 1°C - 35°C

IP Rating – IPX4

Weight – 7.8kg

CONTENT

1x Constant pressure pump

1x Thread Seal Tape

1x Instruction manual
