

Air de-humidifier LEF 400

Art.-No.: 23.690.30

Bar code: 4006825234725

Sales unit: 1 pc

This smartly designed and almost silent air-dehumidifier LEF 400 is suitable for basement which were flooded by water or of course for rooms with high humidity (i.e. in summer time). The de-humidifier LEF 400 reduces the humidity substantially. The air intake is on the left side, the water extracted is collected in the water tank and the dried air flows out on the right side.

Technical data:

- Mains: 230-240 V ~ 50 Hz
- Power: max. 350 watts
- Operation for room sizes: 39-78 m³
- Temperature range: +5°C - +35°C
- Air circulation: Level I: 190 m³ - Level II: 240 m³
- Humidifying capacity: at 27 °C and 60 % humidity 9 l a day
at 30 °C and 80 % humidity 20 l a day
- Dehumidifier regulator: continuously adjustable /
CNT = continuous operating
rapid / slow
- Fan switch:
- Water tank with float control: 4,7 l (4,5 l at automatic stop)
- Tank level control: display shines when tank is filled
- Coolant: HFC-134a
- Castors: 4 pcs turnable
- Application: portable unit
- Weight: 25 kg
- Packing dimensions: 580 x 335 x 305 mm

Features:

- Powder-varnished sheet steel housing (1)
- Fan switch (2)
- Humidity regulator (3)
- Water tank (4)
- Mains display (5)
- Castors (6)
- Air suction filter (7)
