The Einhell 18 V/2.6 Ah P-X-C Plus li-ion rechargeable battery offers even higher performance thanks to advanced technology. The rechargeable battery system can be used for all the products from the PXC series. Maximum safety is ensured by the proactive battery management system from Einhell. The charging cycles are adjusted to the specific situation, so the battery has a much longer service life. All the key parameters are monitored by state-of-the-art components. The li-ion cells are resistant to the self-discharging normally associated with batteries. There is an integrated three-step LED charge status indicator. The rubber-coated housing provides excellent impact protection and integrated recessed handles enable ergonomic handling.
