

Einhell

Battery Charger

CE-BC 15 M

Item No.: 100265

Ident No.: 11019

Bar Code: 4006825643367

The Einhell CE-BC 15 M Battery Charger is an intelligent, micro-processor controlled system with multi-stage charging cycle. It is suitable for all standard 12V vehicle batteries. The trickle charge function does not harm the battery being charged and prolongs battery life, particularly on seasonal vehicles. Over-charge, short circuit and reverse polarity protection prevent damage to the charger. The unit also comes with fully insulated battery clamps. The LED battery voltage and charge status display show at a glance the current state of the battery.

Features & Benefits

- Intelligent battery charger with microprocessor controller
- Multi-step charging cycle, contr. and monitored by microprocessor
- Universal battery charger for various battery types
- For Gel, AGM, zero and low maintenance lead-acid batteries
- 2in1: Charging and jump starting with one item
- Trickle charge function for a continuously ideal charge status
- Optimal for season.vehicles with long idle times(convert./m-bike)
- Charging provides extended battery life
- LED battery voltage and charging progress display
- Electr. protec. against overcharging, short-circuit&swapped poles
- Fully insulated battery clamps
- Ergonomic handle for optimum transportation

Technical Data

- Mains supply 230 V | 50 Hz
- Charging voltage 12V
- Suitable for batteries (from min. Ah to max. Ah): 3-300 Ah
- Boost engine output (Ampere for seconds) 100 A - 5 sec
- Charging current Min. (arith./eff.) - Max. 2,7 / [-] - 15 / [-] A (arith./eff.) on 12 V d.c.

Logistic Data

- Product weight 6.95 kg
- Gross weight single packaging 7.65 kg
- Dimensions single packaging 360 x 270 x 245 mm
- Pieces per export carton 2 Pieces
- Gross weight export carton 18.5 kg
- Dimensions export carton 370 x 300 x 500 mm
- Container quantity (20"/40"/40"HC) 1018 | 2146 | 2280
