

# 2200W AIR COMPRESSOR

BT-AC 400/50

## QUICK START GUIDE

Easy steps to getting started.

1. Read the User Guide for all SAFETY aspects of using your TAURUS TITANIUM® AIR COMPRESSOR.
2. Carefully remove the AIR COMPRESSOR from the packaging, take care that you have all parts supplied in the packaging before discarding.
3. Fully assemble the appliance before using it for the first time. Fit the supplied wheels (3) and the supplied supporting feet (4). Remove the transportation cover from the oil filler opening with a screwdriver and insert the supplied oil sealing plug (14) into the oil filler opening. Remove the transportation stop with a screwdriver or similar and screw the air filter (1) securely to the equipment. Please refer to Section 6 of the User Guide for more detail.
4. To switch on the compressor, pull out the red knob (8).  
To switch off the compressor, press the red knob (8) in again. **Note:** The motor is fitted with an overload switch. If the compressor overloads, refer to Section 6.5 of the User Guide for further instructions.
5. Use the pressure regulator (7) to adjust the pressure on the pressure gauge (6). Refer to Section 6.7 of the User Guide for more detail.
6. **IF IN DOUBT PLEASE REFER TO THE USER GUIDE PROVIDED.**
