Submersible Pump Accessory

Gewebeschlauch 38mm (1 1/2")

Item No.: 4173690

Ident No.: 21014

Bar Code: 4006825684681

The original Einhell fabric hose (10 m) is ideal for use with submersible pumps, especially for dirty water. With a 38 mm diameter, it transports large volumes at up to 10 bar pressure. Two pre-assembled quick couplings make it ready to use straight away. The polyester fabric outer and rubber inner lining make it durable, rot-proof and resistant to mould. Its lay-flat design withstands temperatures from -20 to +50 °C and is perfect for gardens, construction sites or emergency flood relief.
