The Einhell crosscut and mitre saw TC-SM 254-2B combines user-friendliness with precision on crosscuts and mitre cuts in workpieces made of wood, laminated panels and plastics. The high-quality turntable comes with an exact angle adjustment facility that can be latched single handedly in various positions. Two included carbide-tipped precision saw blades achieve outstanding sawing results. A pleasant feature is the integrated laser, which simplify and quicken the work enormously. The integrated drag function helps to cut wider workpieces, while the 254mm saw blade enables cutting higher workpieces.
