The Einhell TE-AP 18/28 Li BL - Solo cordless reciprocating saw is a member of the Power X-Change series . Each rechargeable battery in the system can be combined with any PXC device. The brushless motor offers more power and runs for longer, while the anti-vibration function ensures low vibration while working. The soft grip surfaces make the saw ergonomic to handle. The rotatable main handle ensures maximum flexibility. The adjustable soleplate enables optimal use of the blade, and tool-less blade changes keep things simple. A quality wood blade from KWB is included in the scope of delivery. This product comes without a battery or charger. We recommend at least 2.5 Ah.
