

GARDENLINE®

ELECTRIC HEDGE TRIMMER

BG-EH 3551T

QUICK START GUIDE

Easy steps to getting started.

1. Connect the equipment's power supply cable to the plug (Figure 4/Item B) and secure the power cable with the strain-relief clamp (Figure 4/Item 5).
2. Important. To prevent accidental start-up of the equipment, the hedge trimmer is equipped with a safety switch (Figure 4/Item 10) which must be pressed before the ON/OFF switch (Figure 4/Item 9) can be pressed.
3. If the ON/OFF switch is released, the equipment switches off. The equipment is fitted with a safety switch and an ON/OFF switch on both sides of the handle, enabling you to select the suitable position depending on the work situation.
4. The extension handle is also fitted with a safety switch and an ON/OFF switch with the same functions.
5. Repeat this process several times so that you are sure that your equipment functions properly.
- 6. IF IN DOUBT PLEASE REFER TO THE MANUAL PROVIDED.**
