The electric scarifier and aerator GC-SCA 1231/1 is a powerful 2-in-1 machine for maintaining small to medium-sized lawns. The ball-bearing blade roller, featuring eight double blades, thoroughly removes moss, weeds and their roots, whilst the aerator roller with 45 tines ensures effective soil aeration. The 1,200-watt motor enables continuous operation and consistent results. Thanks to the three-stage working depth adjustment, the machine can be optimally adapted to the ground and vegetation. Large, lawn-friendly wheels, a robust plastic housing and a foldable, height-adjustable guide bar complete the features.
