

Garden Pump E-GP 1146

Art.-No.: **41.814.32**

Bar code: **4006825539172**

Sales unit: **1 pc**

The high performance garden pump can be used for garden irrigation as well as for moving around tap or rain water. Powered by an asynchronous motor with thermal protection. The pump housing is made of corrosion resistant stainless steel.

The large wheels as well as the extendable handle enables easy transport to the location of deployment. In addition the mains cable can be rolled up and stored comfortably on the integrated cable hooks.

Features:

- Extendable handle (1)
- Integrated cable store (2)
- Pressure connection (3)
- ON-/OFF-switch (4)
- Large wheels for easy transport (5)
- Pump Housing made of stainless steel (6)
- Water drain (7)
- Water intake (8)

Technical data:

- Mains:	230 V ~ 50 Hz
- Power:	1,100 W
- Delivery capacity max.:	4,600 l/h
- Delivery height max.:	48 m
- Suction height max.:	6 m
- Pressure- and suction connection:	G1" female thread
- Water temperature max.:	35 °C
- Weight:	11.8 kg
- Packing dimensions:	475 x 250 x 275 mm
