NEW GENERATION

Included

The easy-to-use laser-leveling set for home application. With this convenient laser levelling set, anyone can easily project a laser beam on objects or walls. The powerful and well-visible laser beam is adjusted in one easy step between +/- 45 and +/- 90 degree angles. The set comes with three different bases, laser goggles and a convenient transport and storage pouch. The machine is adjusted via levels and can be mounted to a range of different surfaces with the included bases. It is a versatile multi-purpose tool for the do-it-yourself and particularly suitable for any indoor works.
