The GP-CM 36/47 S HW Li cordless lawn mower is a varied helper in the garden. 3 LEDs show the charge level of the Power-X-Change batteries, which can be used in any of the products from the system series. The brushless motor, the Vortex Technology Deck and central cutting height adjustment deliver exact results. The handle design makes it easy to clean, saves storage space and is height adjustable in three steps. The high wheeler features a side ejector function and deflector for ejecting cuttings to the rear, a mulch adapter and a large 75 l catch bag. Thanks to the four batteries 4,0 ah in delivery and the double twin pack technology a longer mowing without recharging is possible. The lawnmower is recommended for lawn areas up to 700m².
