The Einhell ash vacuum cleaner TC-AV 1830 D makes short work of any cooled-down ash in fireplaces, pellet stoves and grills. The 18 litre large collection container and the practical carrying handle make even longer uses comfortable. Thanks to the pleated filter, fine and ash dust don't stand a chance. An additional pre-filter ensures even better filtration and also prevents rapid clogging of the pleated filter. The ash container can be easily emptied thanks to the quick-release locks. The power cable is stowed away with a cable hook-and-loop fastener. Re-attach the hose to the air outlet to use it as a blower. Delivery includes a metal-reinforced suction hose and an aluminium suction pipe.
