

Alu Tomato Green House TH 150-80 A

Art.-No.: 36.803.20

Bar code: 4006825509250

Sales unit: 1 pc

The summer brings all sun-hungry plants such as tomatoes, paprika, cucumber, melons and aubergines only seldom optimal growth condition, therefore the aluminium tomato green house offers all warm-hungry plants the optimal climate. The aluminium tomato green house is uncomplicated to develop. The multi-yearly green house foil is simply fastened via special clips on the aluminium tubing framework.

Features:

- Aluminium tubing framework (1)
- UV-resistant foil (2)
- Fastening clips (3)
- Galvanised earth stakes

Technical data:

- Structure mass (L/H/D) approx.: 150 / 180 / 80 cm
- Weight gross approx.: 5.9 kg
- Weight net approx.: 5.4 kg
- Packing dimension (LxWxH) approx.: 1520 x 160 x 70 mm

Advantage:

- More yield
- Protection from the plants against rain, hail and storm
- Perfect circulation of air
- Easy setting up
- Fixed ground anchorage
- Durable aluminium structure (1)
- Robust UV-resistant foil (2)
- Foil fastening via plastic clips (3)
