

Electric Chainsaw KSE 2000/1

Art.-Nr.: **45.002.70**

bar code: **4006825450804**

Sales unit: **2 pcs.**

The new chainsaw technology excels in a high output and optimal work safety. In order to achieve the best possible balance between ergonomic design and weight the motor is mounted in a lengthwise direction. This arrangement of the motor gives the chainsaw a slim looking body, allowing work to be done even in narrow conditions.

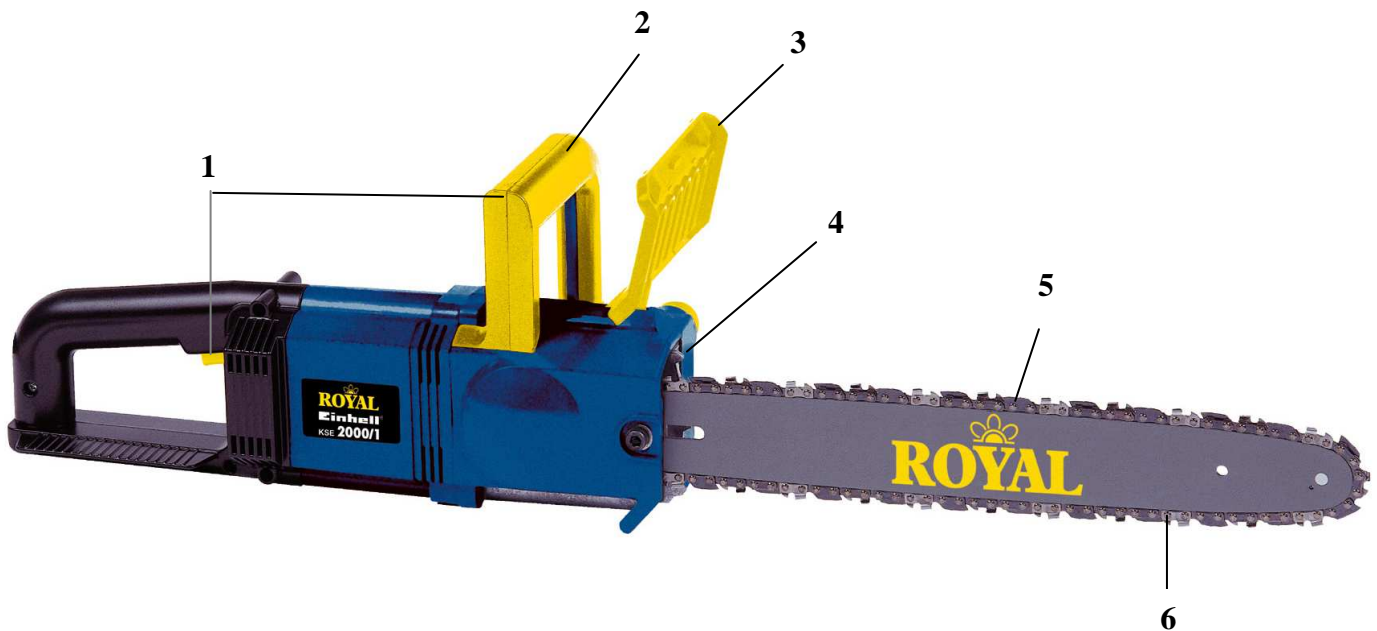

Due to its twin hand safety arrangement it gives the operator more safety than standard chainsaws in the market.

Features:

- Modern, ergonomic design
- Twin hand safety operation (1)
- Lateral grip for horizontal cutting (2)
- Kick-back protection with mechanical Quick-Stop chain brake (3)
- Sturdy cast iron – stop claws (4)
- Safety chipping teeth-chromium chain (5)
- Chain bar with integrated guide sprocket (6)
- Chain catch
- Overload clutch as overload protection
- Automatic chain lubrication
- Maintenance tooling
- Protection case for chain and bar

Technical data:

- Mains: 230 V ~ 50 Hz
- Power: 2000 watts
- Length of bar: 40 cm
- Cutting speed: 22 m/s
- Weight: 5.9 kg
- Packing dimensions: 510 x 200 x 270 mm

As special accessory available:

Spare chain

Art.-No.: **45.003.11**

bar code: **4006825 450538**

Spare bar

Art.-No.: **45.003.31**
