For the lawn cut at problem zones, as for example at fences and walls, between and under bushes – everywhere thus where the lawn mower cannot be used any longer or where the grass is already too high. With a strong motor of 500 watts the lawn trimmer is a practical helper to keep the garden tidy. The rotary nylon thread cuts cleanly like a measurer. **The turnable and inclinable engine head makes a comfortable working on vertical surfaces possible.** By the extendable, ergonomically formed arm rest, the step less telescopic guide rail and the adjustable additional handle is fatigue-free working ensured. The trimmer has a fully automatic thread adjusting, which guarantees an optimal cut result.
