This Mini Air Compressor with Airbrush Kit is perfect for intricate or detailed spray painting applications such as painting figurines, custom airbrush artwork, craft projects and more. The airbrush system is suitable for use with watercolours or acrylic paints, lacquers, enamels, inks and dyes.

The 3L air tank allows you to get more spraying done before the motor starts up again, prolonging the service life. The oil free direct drive motor is also more efficient, quieter and requires less maintenance. With 2 included paint pots and a paint cup, just prepare your paint and start spraying.
