HH 1600 Halogen Heater

Art.-Nr. 23.384.56

The halogen heater warms up nearly instantly and comforting all people and objects to those the heat-rays meet, similar as like sun-rays do. The heating rods with red glow provide a comfortable and nearly nonglare light. The partly unpleasant secondary effect of a conventional heating fan do not exist at this halogen heater, e.g. fan noises, air draft and dust swirl.

This HH 1600 is suitable for all dry rooms.

This halogen heater is not suitable for bath rooms, as heater for diaper changing tables or outdoor.

Features

- Handle (1)
- 2 heater, separate turnable 90° (2)
- Heater separate and together switchable
- Foot switch to switch the heaters on and off (3)
- **4 halogen heating rods (4)**
- **2 heating steps (800 / 1,600 W)**
- Reflector
- Cover fence
- Safety disconnection when tilting
