The Einhell generator (petrol/gas) TE-IG 1900 DF supplies power anywhere, thanks to its low-emission 4-stroke drive motor. The generator can run on both gas (propane, LPG) and petrol. It provides up to 1800 watts of continuous power and 1900 watts of peak power in petrol mode, and 1600 watts of continuous power and a peak of 1700 watts when operated with gas. The inverter technology delivers power without voltage spikes. The power generator has 2x 230 V sockets, 2x USB ports and one 12 V connection. An overload switch and low-oil cut-out are provided for safety. The trolley-like design makes for easy transport.
