

Countless applications for
the do-it-yourselfer!

Einhell®

NEW GENERATION

The easy-to-use self-adjusting laser-beam for the perfect and convenient adjustment of objects at home. The laser beam can be projected horizontally, vertically, or in a cross line. Thanks to the high-quality mechanical components used, the powerful and well visible laser beam self-adjusts at maximum precision in a matter of second. With this distinct competitive "angle" over the competition's cheap products, unintentional misalignment has become a thing of the past. A simple switch allows toggling between the different laser operating modes. The machine is adjusted via levels and can be mounted to a range of different surfaces with the included bases. It is a versatile multi-purpose tool for the do-it-yourselfer and particularly suitable for any indoor works.

NKL 90/4 Cross Line Laser

Available as special accessory:

NTS 110 Tripod:
Adjustable up to max. 110 cm

Art. No.: 22.700.60
Ident. No.: 01016
Bar Code: 4006825 529654

Logistic Information:

Type:	NKL 90/4	Sales unit:	8 pcs
Art. No.:	22.700.50	20°:	6200 pcs
Ident. No.:	01016	40°:	12400 pcs
Bar Code:	4006825 529647	40° HC:	-- pcs
Packing:	135 x 155 x 105 mm	Weight:	0.45 kgs (gross)

Universal application for the do it yourself!

Einhell®

NEW GENERATION

Features:

- Magnetic-damped self-levelling function (can be switched off)
- Audio warning to signal levelling limit (can be switched off)
- Powerful laser for optimum visibility
- Textured casing surface for a better grip
- Vertical laser
- Horizontal laser
- Cross line laser
- Batteries included
- Convenient transport and storage pouch included

Technical Data:

- Accuracy: $\pm 0.5 \text{ mm/m}$
- Laser class: 2
- Laser type: 635 nm, $\leq 5 \text{ mW}$
- Self levelling area: $\pm 4^\circ$
- Levelling time approx.: 5 s
- Operating temperature: -1°C to $+40^\circ\text{C}$
- Range: max. 10 m
- Batteries: 3 x 1.5 V LR6 (AA)

Logistic Information:
