The Einhell Ash Vacuum Cleaner TC-AV 1830 D tackles cooled ash from fireplaces, pellet stoves and barbecues with ease. The 18-litre collection container and convenient carry handle make it ideal for longer jobs. A pleated filter keeps fine ash dust under control, while a pre-filter enhances filtration and prevents clogging. The ash container is easy to empty thanks to quick-release fasteners. The power cable is stored neatly with a hook and loop fastener. For blow function use, simply switch the hose to the air outlet. The vacuum comes with a metal-reinforced suction hose and an aluminium suction tube.
