The Original Einhell Spare Micro-fibre Pad is a practical accessory for the Einhell BRILLIANTO cordless window cleaner, and has been designed especially for the spray bottle. The microfiber pad attaches directly to the spray bottle to efficiently absorb dust and dirt while cleaning. The cloth's soft microfibres make it suitable for smooth surfaces such as tiles, showers, glass tables, windows and windscreens. If the microfiber cloth is heavily soiled, it can be cleaned in the washing machine between 40 °C and 60 °C.
