

The MT-HR 2200 has an automatic motor shut-down, which switch on and off the engine by operation of the hand air pistol. Thus one saves not only the course to the equipment, separates itself lowers substantially the cost of electricity and water, preserves the pump and certainly also the environment. The integrated detergent tank and the hose drum offer an additional comfort. You are optimally primed for many upcoming cleaning jobs with the two provided high pressure lances.

Features

- 3-cylinder piston pump
- 8 m high pressure hose (1)
- Hose drum (2)
- Wheels for easy transport (3)
- Connection nipple for hose coupling (4)
- Pressure gauge (5)
- Integrated detergent tank 1 l (6)
- Brackets for accessories (7)
- Pistol grip (8)
- 1 lance with rotating nozzle (9)
- 1 lance with adjustable point / broad jet (10)
- Automatic cut-off in no-load position

Technical data

- | | |
|------------------------------|------------------------------|
| ■ Mains: | 230 V ~ 50 Hz |
| ■ Power: | 2,200 W |
| ■ No-load speed: | max. 2,800 min ⁻¹ |
| ■ System pressure EW bar: | max. 200 bar (MPa) |
| ■ Water throughput: | 420 l/h |
| ■ Max. water temperature: | 50°C |
| ■ Max. water inlet pressure: | 4 bar (0.4 MPa) |
| ■ Net weight: | 21.7 kg |
| ■ Gross weight: | 24.1 kg |
| ■ Packing dimensions: | 320 x 340 x 960 mm |
| ■ Bar code: | 4006825 544701 |
| ■ Sales unit: | 1 pc |
