EXPERT

RT-RH 26
 Rotary Hammer
 Art.-No.: 4258435
 Ident-No.: 11044

The RT-RH 26 rotary hammer with pneumatic hammer action is a high-quality and extremely versatile powerhouse for experts, which is indispensable on challenging building, renovation and chiseling jobs. This all-rounder is equipped with all four functions needed for universal use: hammer drilling, drilling, and chiseling with and without chisel lock. The SDS-Plus chuck enables drill bits and chisels to be changed without tools, and together with the powerful 900 W motor it develops an hammer force of 2.6 joules so that the tool leaves its mark on practically any tough assignment. The vibration-absorbing grip signals the optimum contact pressure by "Press-control" – an important feature for low-wear yet high-speed operation.

Features

- Pneumatic hammer mechanism
- SDS-Plus chuck
- Press control (pressure indicator for optimal contact pressure)
- Electronic speed control
- Reverse facility
- Overload slip coupling
- Additional handle with anti-twist lock
- 4 functions: hammer drilling / drilling / chiseling / chisel lock
- Soft grip (also on the additional handle)
- Depth stop (metal)
- Cable clip for fixing the wound-up cable
- Transport and storage case

Technical Data

• Mains supply	220-240 V 50 Hz
• Power	900 W
• Idle speed	0-1020 min ⁻¹
• Impact rate	0-4800 min ⁻¹
• Impact power	2.6 J
• Tool holder	SDS plus
• Drilling capacity in concrete	26 mm

Logistic Data

• Product weight	4.7 kg
• Gross weight single packaging	6.1 kg
• Dimensions single packaging	410 x 130 x 330 mm
• Pieces per export carton	3 Pieces
• Gross weight export carton	20 kg
• Dimensions export carton	345 x 430 x 420 mm
• Container quantity (20"/40"/40"HC)	1299 2601 0
