

The handy solution for all problem zones in the garden!

Tapping mechanism for thread adjusting

For cutting grass in hard-to-reach areas, e.g. along fences and walls, between and underneath bushes – wherever the lawn mower cannot reach or where the grass is already too high. With its strong 350 Watt motor the lawn trimmer is a convenient tool to help keeping the garden tidy. The rotating nylon thread cuts grass as neatly as the blade of a lawn mower.

The engine head can be around turned at a 180 degree angle for increased operator comfort when cutting vertical surfaces.

Tapping mechanism for convenient thread adjusting. An added plus: the trimmer is enormously space saving.

Rotating motor head

RT 325/1 Electric Grass Trimmer

Available as special accessory: Replacement thread spool: Art. No.: 34.050.15
 Ident. No.: 01015
 Bar Code: 4006825510218

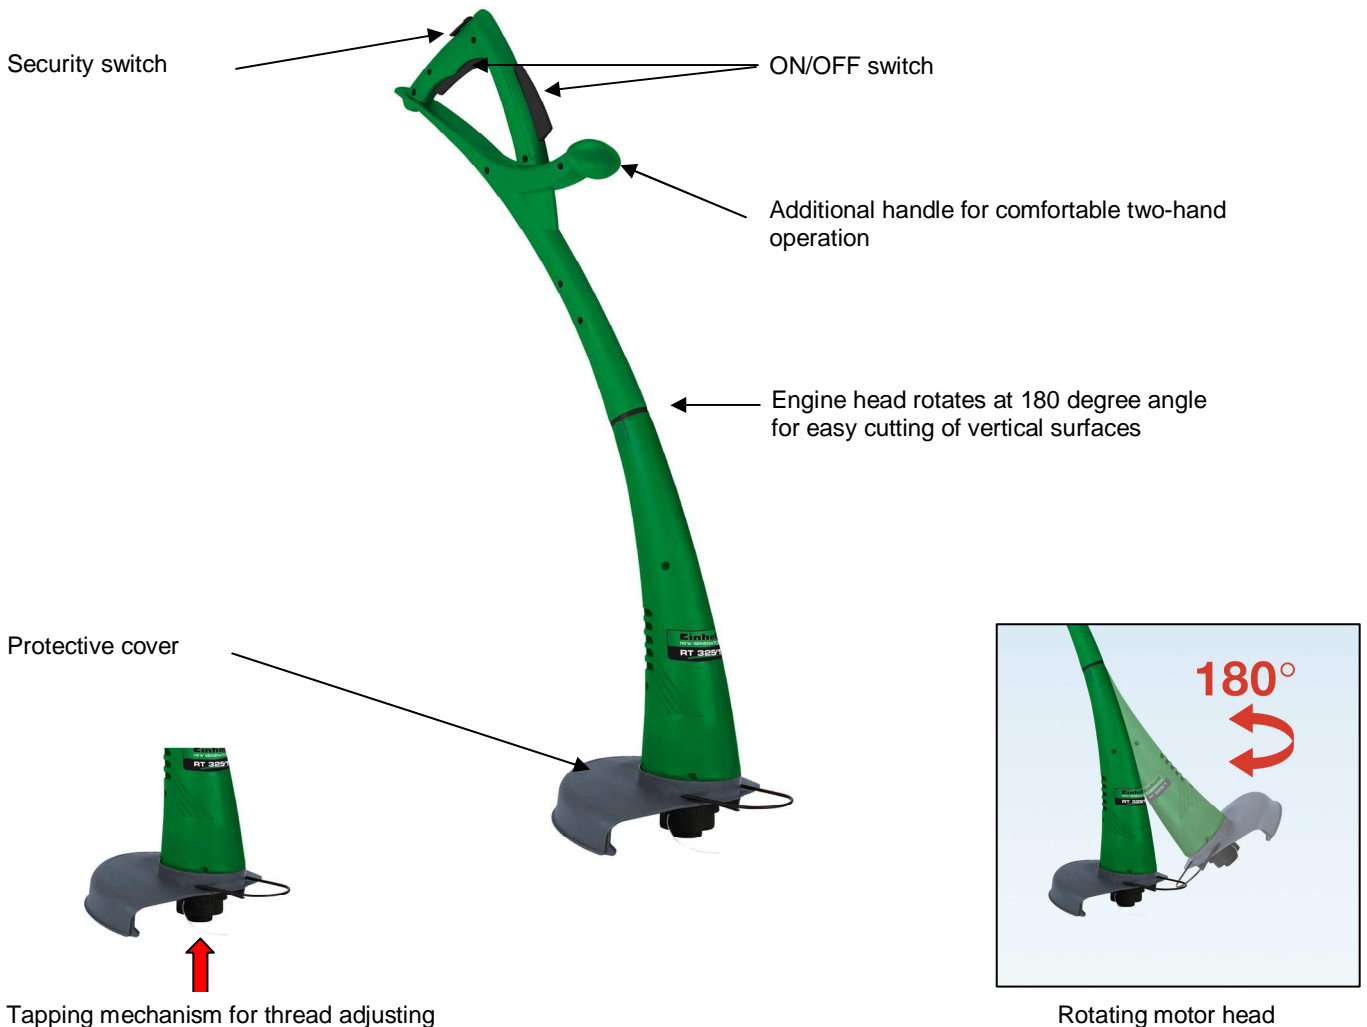

Logistic Information:

Type:	RT 325/1	Sales unit:	3 pcs
Art. No.:	34.013.80	20°:	1440 pcs
Ident. No.:	01025	40°:	2880 pcs
Bar Code:	4006825508970	40° HC:	3360 pcs
Packing:	585x220x150 mm	Weight:	2.1 kgs (gross)

The handy solution for all problem zones in the garden!

Features:

- Dismountable into two parts
- Engine head rotates at 180 degree angle for easy cutting of vertical surfaces
- Space-saving design
- Double-thread cutting
- Thread feed by tapping
- Robust universal motor

Technical Data:

- Voltage: 230V~50 Hz
- Power: 350 Watt
- Cutting circle: 250 mm
- No load speed: 12,000 min⁻¹
- Nylon thread: 1.2 mm
- Thread length: 6 m
