Submersible pressure pump

GE-PP 1050 N-A

Item No.: 4171435

Ident No.: 21014

Bar Code: 4006825679892

The Einhell submersible pressure pump GE-PP 1050 N-A with automatic operation can pump clear water from cisterns, boreholes, wells and water reservoirs. With a maximum discharge head of 45 m, immersion depths of up to 12 m are possible. The 1050 watts of power enable a maximum flow rate of 6000 litres per hour in continuous operation. The pump is equipped with protection against dry-running and an overload switch, as well as a robust pressure connection with stainless-steel insert and high-quality mechanical seals for a long service life. 4 pump impellers ensure a high delivery pressure. The housing is made from stainless steel. The 33.3 mm (1" female thread) hose connection on the upper side of the pump is easily accessible.

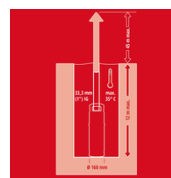

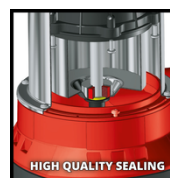

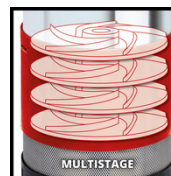

Features & Benefits

- Automatic operation automatically starts/stops the pump
- Integrated dry-run protection
- 4-stage impeller system for high delivery pressure
- High discharge pressure for irrigation, e.g. with sprinklers
- Pump and motor housing made from rustproof stainless-steel
- Integrated non-return valve
- High-quality mechanical seal for long service life
- Easy-access hose connection on top of the pump
- High immersion depth thanks to long power cable
- Lifting eyes for attaching the lowering cable
- Robust pressure connection with stainless steel insert
- Practical carrying handle for easy transport

Technical Data

- Mains supply	220-240 V 50 Hz
- Power	1050 W
- Max. delivery capacity	6000 L/h
- Max. delivery height	45 m
- Max. immersion depth	12 m
- Max. water temperature	35 °C
- Max. size of foreign particles	0 mm
- Hose connection	33,3mm (R1 IG)
- Power cord	15 m H07RN-F

Logistic Data

- Product weight	8.5 kg
- Gross weight single packaging	11.3 kg
- Dimensions single packaging	260 x 225 x 570 mm
- Pieces per export carton	1 Pieces
- Gross weight export carton	11.3 kg
- Dimensions export carton	530 x 260 x 215 mm
- Container quantity (20"/40"/40"HC)	952 1920 2168
