The compact and precise wood moisture meter is a practical helper for measuring the moisture content of wood (including paper and cardboard) as well as solid materials such as mortar, concrete and plaster. Press the two pointed electrodes into the material to be measured and the result will appear in a flash on the LCD. An integrated thermometer permits the ambient temperature to be measured in addition.

Features & Benefits

- LCD display shows the moisture content at a glance
- Protective cover for the two probes for optimum storage
- Automatic switch-off function to save the battery
- Warning symbol for low battery charge
- Flexible in use with moisture measurements on wood/solid material
- Compact and precise for quick and exact measurement results

Technical Data

- Measurement range (wood)	6 - 60 %
- Measurement range (solid material)	0.2 - 2.9 %
- Measurement range (temperature)	0 - 40 °C
- Resolution (wood)	1 %
- Resolution (solid material)	0.1 %
- Resolution (temperature)	1 °C
- Accuracy of measurement (wood)	2%
- Accuracy of measurement (solid material)	0,1%
- Battery type	E-Block

Logistic Data

- Tool weight	0.11 kg
- Gross Weight	0.16 kg
- Dimensions single packaging	211 x 125 x 47 mm
- Pieces per export carton	48 Pieces
- Gross weight export carton	9.5 kg
- Dimensions Export Carton	355 x 595 x 460 mm
- Container quantity (20"/40"/40"HC)	33648	14016	28704
- Product weight	0.11
- Gross weight single packaging	0.16
